

Adhesive Solutions for SEATING MANUFACTURERS

Tensorgrip® is the global leader in canister adhesive systems and a trusted solution for seat manufacturing. The strength, tenacity, and reliability make these spray adhesives excellent solutions to challenging projects.

- » Unique range of adhesives including non-flammable options and low VOC options
- » Work on a wide variety of substrates
- » Fully portable system
- » Complete package with hose, gun, wand, and tips
- » High yield rate with excellent coverage

ZERO-FLAM
TECHNOLOGY™

ZERO-FLAM technology is a unique propellant system of non-flammable gases. These products are 100% non-flammable and offer unparalleled spray performance. ZERO-FLAM technology has been independently tested and proven to exceed all industry standards for flame projection control performance.

CO-REZ™

Maximize product volume and coverage with select Tensorgrip® products that feature CO REZ Technology. This unique formulation incorporates a highly engineered resin and gas matrix resulting in more glue and less gas in the canister which in turn yields greater coverage from the same container.

P307 - CA COMPLIANT LOW VOC CONTACT ADHESIVE

Tensorgrip® P307 is a multi-purpose contact adhesive that effectively bonds a vast range of substrates while maintaining compliance with stringent California VOC requirements (SCAQMD Rule 1168). Tensorgrip® P307 is aggressive and versatile, lending itself to bonding flexible and porous materials with ease.

Key Benefits:

- » Excellent bonding to porous substrates
- » Strong initial bond and high-strength, long-term bond
- » Low VOC California Compliant (SCAQMD Rule 1168)
- » Features CO REZ Technology

Substrates:

Foam

Insulation

Standard Laminate

Properties:

CA Compliant

Heat Resistance
up to 200F/94C

P329 - CA COMPLIANT PRESSURE SENSITIVE ADHESIVE

Tensorgrip® P390 is a very aggressive, high build pressure sensitive adhesive designed to bond porous substrates while maintaining a high level of tack. Low VOC California Compliant SCAQMD 1168 Rule. Useful for bonding for Foam, Insulation, Metals and Wood.

Key Benefits:

- » HAPS Free
- » High Strength, long-term bond
- » 100% Adhesive Transfer to Substrate
- » No ODS (ozone depleting substances)
- » California Compliant Low VOC SCAQMD Rule 1168

Substrates:

Foam

Metal/Aluminum
Sheeting

Fabric

Plywood

Properties:

CA Compliant

Non Hazardous
Air Pollutant

P390 - INDUSTRIAL CONTACT ADHESIVE

Tensorgrip® P390 is a completely non-flammable, non-methylene chloride canister adhesive. Multi-purpose with excellent bond to unsanded melamine, difficult to bond foams such as memory foam and polyurethane foam and many other substrates.

Key Benefits:

- » Fast drying solvent system allows faster processing times and quicker secondary finishing
- » Compatible with most adhesives used for wrapping panels
- » Lowest VOC content of Non-Flam, Non-Methylene Chloride Adhesives

Substrates:

Foam

Plastic

Metal/Aluminum
Sheeting

Standard
Laminate

MDF

Properties:

ZERO-FLAM

HAPs Free

Heat Resistance
up to 200F/94C

S101 - CITRUS ADHESIVE CLEANER

Unlike most solvent cleaners, S101 Cleaner/Degreaser is safe for most surfaces, yet powerful enough to remove adhesives and other tough substances. Packaged in aerosol cans and pressurized canisters that are compatible with canister adhesive application equipment (guns and hoses).

Mist Spray

TOOLS

The Tensorgrip® Spray Adhesive Product Line offers a complete range of application equipment including hoses, guns, tips, and canister trolley.

- M120 Adjustable Spray Gun
- M125 Wand Spray Gun
- M300 Two Way Splitter
- M130 Flexible Rubber Hose
- M180 While Flexible Hose
- M510 Canister Trolley System

MRO SUPPLIES

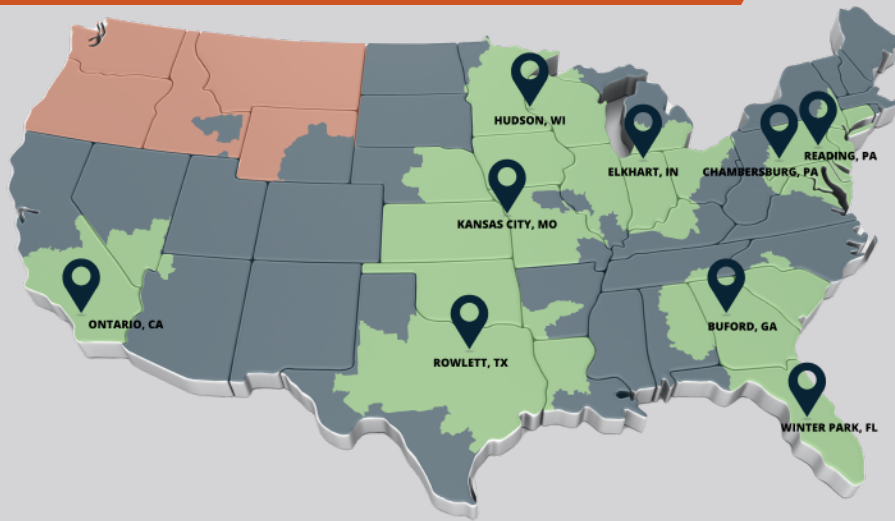

In addition to being a stocking wholesale distributor of specialty industrial and vehicular hardware and chemical solutions, Austin Hardware offers a full line of MRO products and supplies.

- » Top Coats, Fillers, Primers, Glaze, & Resins
- » Paint Suits & Protective Clothing
- » Abrasives & Compounds, Power Tools
- » PPE, Masking Products, Surface Protection
- » Paint Coatings
- » Paint Shop Supplies
