

Austin Engineered ALUMINUM EXTRUDED HINGES

Our family of extruded aluminum hinges allows for a consistent aesthetic across the trailer.

3035 Series for Rear Ramp Doors

3068 Series for 270-Degree Swing Doors

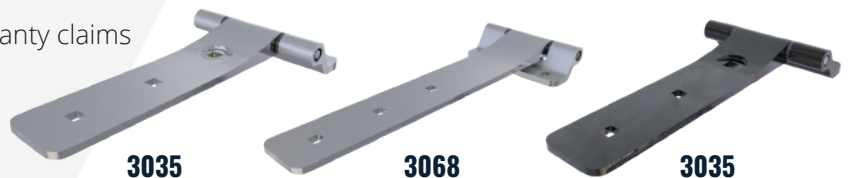

5X Replacement Hinges use the 3035 & 3068 butt profile for smaller, lighter applications, such as Side Doors

5X Replacement Hinges

Benefits:

- » Stronger than stamped steel hinges
- » Rust and corrosion resistant for fewer warranty claims
- » Maintenance Free
- » Longer Lasting
- » All-aluminum profile combined with a stainless steel pin and acetal bushing eliminates the need for grease zerk fittings

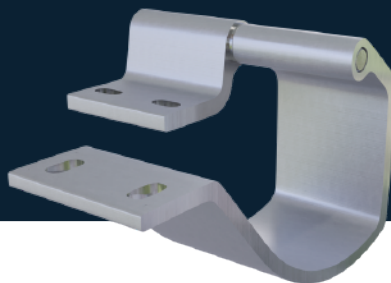

Variety of available finishes:

- Mill finish
- Black powder coat
- Bright dipped anodized
- Custom finish solutions to meet your needs

Also Available:

Extruded Concealed Hinges
